*In 6 vwo you have to read books with a total worth of at least 10 points. 1 p. = approximately 100 pages. Be sure to check with your teacher before you start reading whether the book is permitted and how much it is worth. Obviously, 100 pages of Shakespeare is worth more than 100 pages of a detective or a chick lit novel. A complete overview of what is expected from you re. the amount of reading and the subsequent oral test can be found on SOM.
